Ballarat Regional Athletic Centre - History

The Ballarat Regional Athletic Centre (BRAC), as we know it today, was formed in August 1895. The first Annual Meeting of the Ballarat Local Centre of the VAAA was held on 21st March 1896 or within three days of this date. Major John Garbutt, Principal of Ballarat College, was elected the first President, with 50 members in attendance. It gave a fillip (livened up) to local athletes and was conducted in harmony with the V.A.A.A. Regret was felt in the resignation of Mr. V. Duthie as secretary. Mr H. Siminton was elected, he being also secretary of Ballarat. Major Garbutt was re-elected as President and Messrs A. Bain, J. Duthie and T. Moran as Vice Presidents. Messrs F. Hogarth and R. Thompson were elected as handicappers.

Runners wishing to run track ran in a “Harriers race” at the Eastern Oval sports in 1894.

The YMCA club, which was strong in the 1920's, folded in 1927. Ebenezer, a church based club, was the dominant club in the twenties and was a large and successful club. It lasted from 1922 'till 1934, and despite its healthy membership, collapsed suddenly, apparently as a result of an altercation with the church regarding ownership of their clubrooms. ACE lasted from 1937 to 1941 and apparently had a large membership of students who used the club to prepare for school sports. It was another victim of the war. St. Johns, another church club, lasted from 1925 to 1930. The PYMF, a Presbyterian club, was formed before the war and as we have seen, was another war casualty. That leaves the CYMS (Christian Young Men's Society) club which is of perhaps a bit of interest to the modern runner. CYMS was formed in 1931. It was the captain of the Ballarat Harriers, Arthur Morgan, who was asked if he would assist in the formation of the CYMS, which he duly did, leaving Harriers and becoming one of the foundation CYMS members.

A booklet published by the YCW club on their history informs us of the following.

“The men mainly responsible for forming the club (ie. YCW) were Jack Davis, Arthur Morgan, Tom Conroy and Jim McMahon. All these men were former CYMS Harriers, a club that had its beginnings in 1931 and was still going strong up until the war forced it to disband in 1941. After the war, it was these men who brought the runners together again. Although they were keen to run as CYMS, the Bishop, the Most Rev. J. P. O'Collins insisted that the name be YCW (Young Christian Workers) .”

The YCW club battled on bravely in 1946 with only twelve members.

Claiming a BRAC record

Note: Prior to the start of competition, any prior knowledge of an athlete's expected performance that may better the current record, would be most beneficial to all officials on the event.

Ballarat records can only be claimed by first-claim registered Ballarat athletes competing at Llanberris Reserve. This includes Shield competition and any other official event (eg. Victorian Country Championships) conducted by Athletics Australia, Athletics Victoria or the Ballarat Regional Centre. Ballarat All Time Records, along with Victorian Country and Victorian records may be claimed anywhere provided the meeting is conducted by registered officials.

The age calculation is taken as the athlete's age on the day in which the record performance was achieved.

To be accepted as a record, all Track performances up to and including 800m must be timed by an approved Fully Automatic Timing (F.A.T.) device.

In an event where the photo finish is not in operation, to claim a record an athlete or team competing in a track event of 1000m or over, must have three (3) timekeepers, including at least one qualified AV / AA timekeeper. The official timekeepers must show all three (3) hand times on the recording sheet, with the middle time taken as the official result.

The wind gauge must be operated by a competent operator to claim a record in the following events: 100m, 200m, 80mH, 90mH, 100mH, 110mH, 200mH, Long jump, Triple jump. If the wind velocity measured in the direction of running or jumping behind the athlete averages more than 2 metres per second, the record will not be accepted.

Hurdle specifications, Steeple specifications and Implement weights for competition under Athletics Australia rules appear on page 3.

Lap score sheets for 3000m and above must be signed off.

In all Walk events, there must be four (4) competent walk judges appointed.

If an EDM is used, it is to be operated by a qualified official and their recording sheet is included as supporting evidence. If an EDM is not used, ensure the tape (Throws, Horizontal jumps) or measuring stick (Vertical jumps) has been verified by the Technical manager with a certified steel tape at the conclusion of the event.

Records achieved that are non World Athletics events and Men's U13 events have been consigned to history and appear in the Appendix. These records can still be claimed.

When an athlete has broken a record, it is their responsibility to obtain an 'Application for a Record' form from the results room and get the relevant signatures of officials / timekeepers and referees and then hand the form to the Records Officer. It is always the responsibility of the athlete to claim the record.

An electronic file of BRAC records are updated weekly. Ballarat Regional Centre records can be viewed on the BRAC website / facebook page.

All BRAC records are displayed in the window of the Stuart Hunter pavilion at Llanberris Reserve. They are updated at the end of each season

Ballarat R. A. C. – Paarlauf Relay

Paarlauf is a German term meaning “pair running”. A Paarlauf Relay is conducted with teams of two or more athletes, positioned anywhere around the track, with no limit to the number of runners in each team. The relay starts with the first runner from each of the teams positioned behind the start line with a baton. All the other competitors, in their team colours, are scattered around the 400m track. Athletes do not run in lanes as it is a multiple lap relay race. Runners pass the baton from team member to team member with the aim of getting the baton to travel as far as possible in the allocated time period. The team that is in front once the time has elapsed are the winners. The recorded result is the distance that the baton has travelled.
